Abhijit Ghosh

Mysuru, Karnataka, India - 570016 | (+91) 82938 16687 | abhijitahoshprem@gmail.com | linkedin.com/in/abhijitmechie/ | Portfolio

Objective

To contribute to innovative mechanical design and development by applying expertise in design integration, manufacturing, and quality assurance. Seeking to utilize skills in CETOL, Siemens Teamcenter, Visual Mockup, and NX to enhance product precision, optimize processes, and support cross-functional engineering initiatives.

Professional Experience

Senior Systems Engineer (Stellantis Program) October 2026 – Present
Infosys Limited *Mysuru, India*

- Promoted to Senior Systems Engineer in recognition of consistently high performance and project impact.
- Architected automated workflows utilizing Microsoft Power Automate and Microsoft Lists to streamline project management, minimizing operational clutter and significantly enhancing data transparency with the client.
- Recommended critical design and tolerance optimization changes that increased assembly yield from 54.34% to 99.90% per million units.

Systems Engineer (Stellantis Program) May 2025 – September 2026
Infosys Limited *Mysuru, India*

- Carried out tolerance stack-up analysis using CETOL and NX to identify variation risks and improve assembly accuracy.
- Reviewed and confirmed clearances between key parts to avoid clashes and ensure smooth assembly.
- Used GD&T standards in design reviews to maintain dimensional accuracy and reduce build issues.

Systems Engineer Trainee October 2024 – April 2025
Infosys Limited *Mysuru, India*

- Applied GD&T and 1D tolerance stack-up to verify alignment and fit of components during design stages.
- Worked on 3D modeling and detailing in CATIA and Siemens NX to support design changes and manufacturing readiness.
- Performed basic FEA in Ansys to check structural behavior and validate design assumptions.

Subject Matter Expert - Mechanical Engineering July 2023 – September 2024
Vaidik Eduservices Pvt. Ltd *Remote, India*

- Supported academic content development and problem-solving in core mechanical engineering subjects.

Intern March 2023 – June 2023
IIT Jodhpur - Dept of Metallurgical and Materials Engineering *Jodhpur, India*

- Worked on the project "Novel in-situ volume contractible metal halide negative electrodes for high-performance lithium-ion batteries", focusing on material characterization and experimental analysis.

Skills

Core CAD / Simulation: CETOL, Siemens NX, Open CAD, CATIA V5, Visualization Mockup, Ansys, Ansys Workbench, Product & Manufacturing Information (PMI)
PLM & Data: Siemens Teamcenter, Teamcenter Visualization Mockup, NX PLM, SQL
Programming & Tools: Java, Microsoft Power Platform, Microsoft Power Automate, Microsoft Lists
Languages: English, German (Elementary Proficiency)

Education

Techno Main Salt Lake Kolkata, India
Bachelor of Technology in Mechanical Engineering – ***DGPA: 8.55*** *July 2022*
Santiniketan Institute of Polytechnic Bolpur, India
Diploma in Mechanical Engineering – ***DGPA: 7.8*** *June 2019*

Certifications

Certified Lean Six Sigma AI Yellow Belt – Sparen & Gewinn Consulting (Aug 2026)
DFMEA-MSR: Design FMEA & Monitoring System Response (Dec 2025)
Geometric Dimensioning & Tolerancing (GD&T) – Infosys (Mar 2025)
NX PLM-1 Engineering Author – Infosys (May 2026)
Teamcenter 14.1x Visualization Mockup – Tata Technologies (Jan 2026)
Product & Manufacturing Information (PMI) – Tata Technologies (Dec 2025)
Fundamentals of Finite Element Analysis – Tata Technologies (Jan 2026)
SOLIDWORKS Certification – Academy of Skill Dev (Mar 2021)
Design for Additive Manufacturing – Infosys (Jul 2025)

Awards

Infosys Insta Award (Feb 2026): Recognized by leadership for outstanding contributions to project efficiency through custom workflow automation initiatives.
High Performer in Infosys Foundation Program
