OBJECTIVE

To contribute to innovative mechanical design and development by applying expertise in design integration, manufacturing, and quality assurance. Seeking to utilize skills in CETOL, Siemens Teamcenter, Visual Mockup, and NX to enhance product precision, optimize processes, and support cross-functional engineering initiatives.

PROFESSIONAL EXPERIENCE

May 2025 – Present	Infosys Limited <i>Engineer (Stellantis)</i>	Mysuru, India
- Project Management Automation: Architected automated workflows utilizing Microsoft Power Automate and Microsoft Lists to streamline project management, minimizing operational clutter and significantly enhancing data transparency with the client. - Carried out tolerance stack-up analysis using CETOL and NX to identify variation risks and improve assembly accuracy. - Recommended critical design and tolerance optimization changes that increased assembly yield from 54.34% to 99.90% per million units. - Reviewed and confirmed clearances between key parts to avoid clashes and ensure smooth assembly. - Used GD&T standards in design reviews to maintain dimensional accuracy and reduce build issues.		
October 2024 – April 2025	Infosys Limited <i>Systems Engineer Trainee</i>	Mysuru, India
- Applied GD&T and 1D tolerance stack-up to verify alignment and fit of components during design stages. - Worked on 3D modeling and detailing in CATIA and Siemens NX to support design changes and manufacturing readiness. - Performed basic FEA in Ansys to check structural behavior and validate design assumptions.		

OTHER EXPERIENCE

July 2023 – September 2024	Vaidik Eduservices Pvt. Ltd <i>Subject Matter Expert - Mechanical Engineering</i>	Remote, India
Supported academic content development and problem-solving in core mechanical engineering subjects.		
March 2023 – June 2023	IIT Jodhpur - Dept of Metallurgical and Materials Engineering <i>Intern</i>	India
Worked on the project "Novel in-situ volume contractible metal halide negative electrodes for high-performance lithium-ion batteries", focusing on material characterization and experimental analysis.		

SKILLS

Core CAD / Simulation	CETOL, Siemens NX, Open CAD, CATIA V5, Visualization Mockup, Ansys, Ansys Workbench, Product & Manufacturing Information (PMI)
PLM & Data	Siemens Teamcenter, Teamcenter Visualization Mockup, NX PLM, SQL
Programming & Tools	Java, Microsoft Power Platform, Microsoft Power Automate, Microsoft Lists
Languages	English, German (Elementary Proficiency)

EDUCATION

Bachelor of Technology in Mechanical Engineering	Techno Main Salt Lake	Graduation Date: July 2022 DGPA: 8.55
Diploma in Mechanical Engineering	Santiniketan Institute of Polytechnic	Graduation Date: June 2019 DGPA: 7.8

CERTIFICATIONS

- Certified Lean Six Sigma AI Yellow Belt – Sparen & Gewinn Consulting (CSSC Accredited, Aug 2026)
- NX PLM-1 Engineering Author – Infosys (Issued May 2026)
- Fundamentals Of Microsoft Power Platform – Infosys (Issued May 2026)
- Teamcenter 14.1x Visualization Mockup – Tata Technologies (Issued Jan 2026)
- Fundamentals of Finite Element Analysis – Tata Technologies (Issued Jan 2026)
- Product & Manufacturing Information – Tata Technologies (Issued Dec 2025)
- Infosys Certified GD & T Overview
- Infosys Certified Introduction to NX

AWARDS

- Infosys Insta Award (Feb 2026): Recognized by leadership for outstanding contributions to project efficiency through custom workflow automation initiatives.
- High Performer in Infosys Foundation Program
